it was the unbloshing avour of President Jackson, and of his aub et vient party leaders, upon their coming into power, that "to the victors belong the spoils." It is true, that such a rule of action was in direct contravention of all the promises, and pledges with which that dynasty was brought in, but the course which things soon began to take, and the course-which they have, ever since, been taking, must have fully convinced the seaple of this country, that marks "through the instrumentality of Major all those pledges and promises were like the General Scott, the provisional agreement bejuggling of the weird sisters, with the deluded warper of Scotland : they

In the first place, there was held up to the eyes and to the greed of the country, the facility of attaining place, by the simple rendering of to much service to the administration. That which had depended upon the possession and proof of some kind of talent, some degree of sapability, some fitness for the place to be bestowed, as the necessary qualifications for success, were startled and dazzled, and finally carried captive to the feet of the dispensing power, by this display of facility, with which place and profit could be obtained by the aspirant. THE TRANSPORT OF A SECURITY OF VALUE BURNEY TO A CHES. CAMONILE AND APERIENT PILLS.

Teamel be denied that whilst many medicines which are recommended to the public, have but even the negative ment of harmlessness, there sie others which it would be great injustick indeed and suicidal prejudice to involve untried, in a chamon condemnation. And when a medicine comes endorsed with all the great names thet have addined the annals of thomedical profession and weeranted by the seal and signature of long and quiform success, its proprietor makes no unreasonable demand upon the public confidence, when he claims for it a superior consideration:

The Camomile Preparation by Dr. Wm. Evens is underiably extitled to this enviable distinction, for whilst no medical authority in existence condemns it, every medical practitioner that is acquainted with it, freely acknowledges its pre-eminent virtues ander and love of truth, or to their unwillingness to fly in the face of all observation, and the testimo-

Dr. W. Evans does not pretend that his Camomile Tonic Pills will cure all diseases. He frankly and conscientiously admits that they will not. He lays no claim to the discovery of the "Philosopher's Stone," and wishes nobody to believe that he sells the "Elixir of Life," but he does say, and he does believe, and he can prove, that in debility and impaired constitution? In the vous discusse of all kinds; in weakness of the digestive organs, in incephent consumptions, whether of the lungs or the liver ; in the dreamint debitity occasioned by the uno of purgatives; in palsy, rheumatism, (more especially) in the sickness incident to mothers, and to fe males of refaxed perves; in every case of delirium tremens, or that disease which is brought on by intemperance; in the wretched horrors of body and of appetite, langor, melancholy, pains in the head, limbs, or side; in corrupt sallow, and uncomely complexion, caused by the bad state of the fluids in all these cases, and in others mentioned in the bills of directions given with his medicines, HE DOES SAY, that the Camomile Tonic Pills, interchanged occasionally with his Aperient Family Pills, (the best known) which are sold with them, will effect immediate relief; and if used but for a fair period of trial a perfect cure. This much is placed beyond a doubt by daily testimonies which would be given on oath, and for this much Dr. W. Evans can conscientiously request confidence. He therefore need only add that his Camomile Tonic Pills, together with his excellent Family Aperient Pills, can be obtained wholesale or retail, at No. 7, Division street near Chathem square, N. York, and his authorized agents

in town and country. Other and more conclusive demonstrations of the efficacy of Dr. Fvans' Camomile Preparation and Aperient Medicines, are submitted by the following important and extraordinary cures effected by their highly medicinal qualities; all of which may be seen at Dr. Wm Evans' Medical Office, No. 7, Division street. One or two of these; he berewith re

spectfully gives to a discriminating public. Dr. Wm. Eyans Sir, be pleased to receive the thanks of one who has been a great sufferer for several years, for the great benefits she has received rom the virtues of your inestimable Comomile Pills. She has suffered with pain and distress in the head, a lightness across the head, a lightness across the stomach, shortness of breath, and palpitation of the liearl ; exercise would almost overcome her; but cinco using your Comoinile Tonic Pille, her complaints are removed she is able to exercise without fatigue, and she is happy to say, can enjoy life com-

tortably again. Newark, July 18, 1836. Extract of a letter from Jonas Snyder, Postmasster, Knoxylle, Pa. to Dr. Win. Evans. Among several cases "an elderly lady who had been 25 yrs afflicted with nervous hypochondria, debility &c. that for the last 3 years she constantly received medical aid from a respectable physician, but the pressure and pain on her heart and breast, and especial ly in her left side, remained immovable attended at long intervals with weakness in her head and on her mind keeping her discouraged to undertake any thing. In May she commenced using Dr. W. Evans Camomile and Family Aperient Pille, according tothe direction accompanying them. A reaction took place; the pains and pressure in her body was removed, her mind bocame olear and strong; her apirits perfectly good, and up to this time is in all respects restored to health, which for the last 10 years

she has not enjayed." Sept 2, 1836 JONAS SNYBER. On Low Spirits. Low spirits is a certain state of the mind, accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined, Ancient writers supposed this disease to be confined rallogs portion of regions of the abdomen tashor cally called hypochondria, which are situated on the right or left side of that cavity, whence comes the

ame hypochondriasis. SYMPTOMS. The common corporeal symptoms are flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains, giddiness, dimness of sight, palpitations, and often an utter inability of fixing the attention upon any subject of importance, or engaging in any thing that demands vigor or courage. Also languidness; the mind be comes writable, thoughtfilt, despending, melancholy and dejected, accompanied with a total derangement of the nervous system. The mental feelings and acculiar train of ideas that baunt the imagination and overwhelm the judgment exhibitan infinite diversity. The wisest and best of men are as open to this affliction as the weakest,

the only mooring guide from whose desires
there is no appeal; and was there ever such a manifestetion of its approval, as there is with Brendroth's Vegetable Universal Pills? Step by step has the

They can no more injure the reputation of Brandreth's Pills than they can put their hand upon the

or with polluted fingers tarnish it." If to discover the cause and unture of disease. if to make a medicine universal in its poses, and universal in its curative effects upon every kind of malady, proved by the cures performed upon thou-

sands of persons, restored to the blessings of health if to do these things be praiseworthy, then is Dr. Benjamin Brandreth entitled to the praise of this and each succeeding generation. By the means he points out, chronic infirmities and premature death are prevented. What are the means? Simply Vegetable Purgation, and it is now an established fact that there is no other way by which a REAL CURE can be effected.
